This Is MCHS

What is a school? In Missoula County High School's case it starts with two buildings, 100 teachers and staff members, and 1,900 students. Here, in picture and in prose, is MCHS at work and play in 1958.

MCHS seniors, juniors, and sophomores attend the South Avenue high school, which opened in 1957. At the top is the main entrance, left is the gymnasium entrance, and below is a west view of the building.

The Higgins Avenue building houses MCHS's largest class, the freshmen. The main entrance is pictured at the top; below it is the gymnasium entrance.

The South Avenue Parking lot proves that MCHS is really "on wheels."

In the Morning . . .

Students waiting for the doors to open at 8 a.m. form a silhouette outside the South Avenue building.

Empty halls await the arrival of MCHSers.

Reviewing last night's events is a favorite topic at lockers before homeroom.

"I was sick . . ." The line forms for absence excuses from Miss Della Ve Carr, girls' adviser.

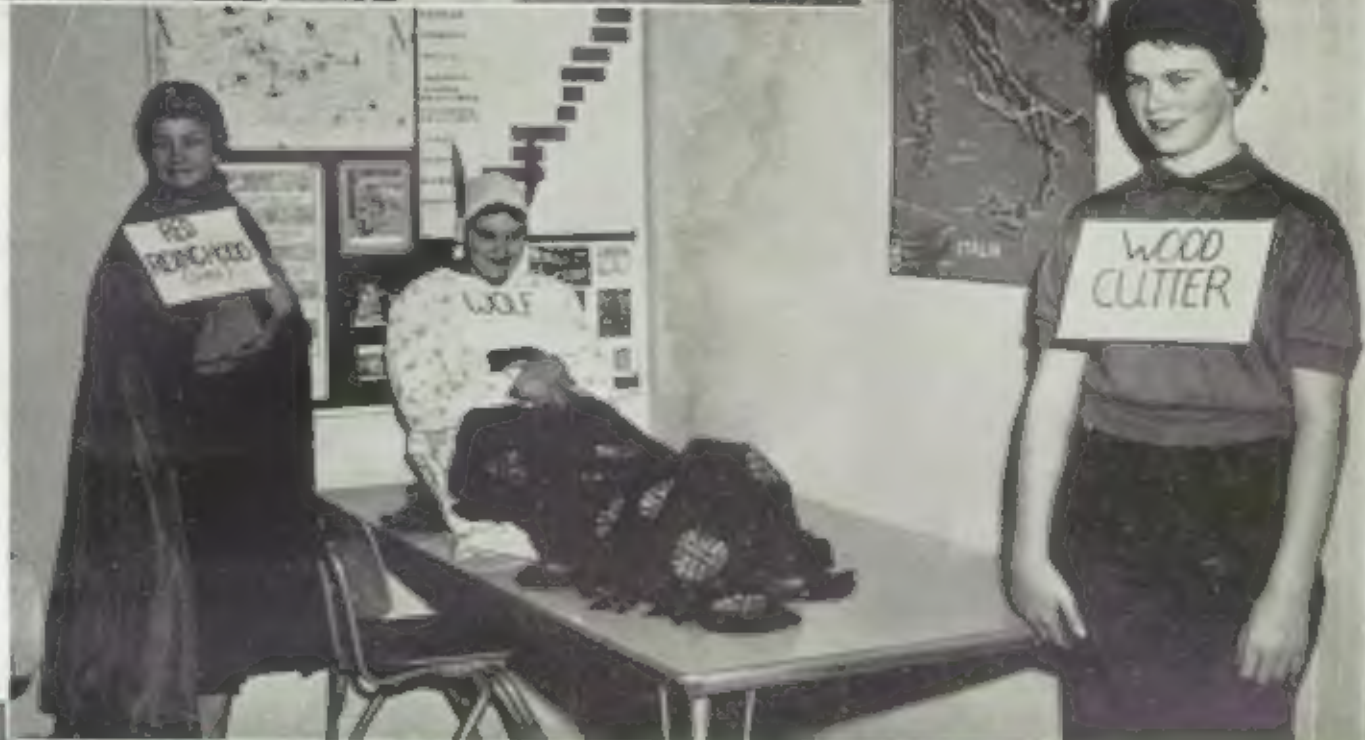

Amos Partlow, librarian, smiles as Kurt Fiedler pays a book fine.

Home economics students work on sewing projects.

During the Day . . .

Latin class stages a Roman version of "Little Red Ridinghood."

Concert choir sings carols in the halls, a Christmas tradition.

A student meditates in the school Chapel, which is always open.

The study hall becomes a cafeteria as students eat noon lunches.

Hot lunch cooks dish out food in the cafeteria lunchline.

At Noon . . .

Congregating in the halls is the major MCHS pastime at noon.

THE CHALLENGE

The American people have grown up with the idea of a better life on the basis of a better education. They are proud of the progress that has been made in the history of our country and are confident that progress will continue to be made in the future. They are realizing that the success of our country lies in the success of our education and in the respect for the individual wherever he lives.

I am proud of the fact that we are now in a position to meet the challenge of the future and to develop in our country a new spirit of such scope and diversity that every boy and girl will be able to realize his potential.

OURSELV

Senior Class Works Hard During Final Year

The Senior Class has been very busy during the final year of high school.

Many of the seniors have been working hard to complete their final projects and assignments.

Another busy day for the seniors was the day when they held their final assembly.

The Senior Assembly was held in the gymnasium and was a very successful event.

The seniors were very proud of their accomplishments and were happy to be recognized for their hard work.

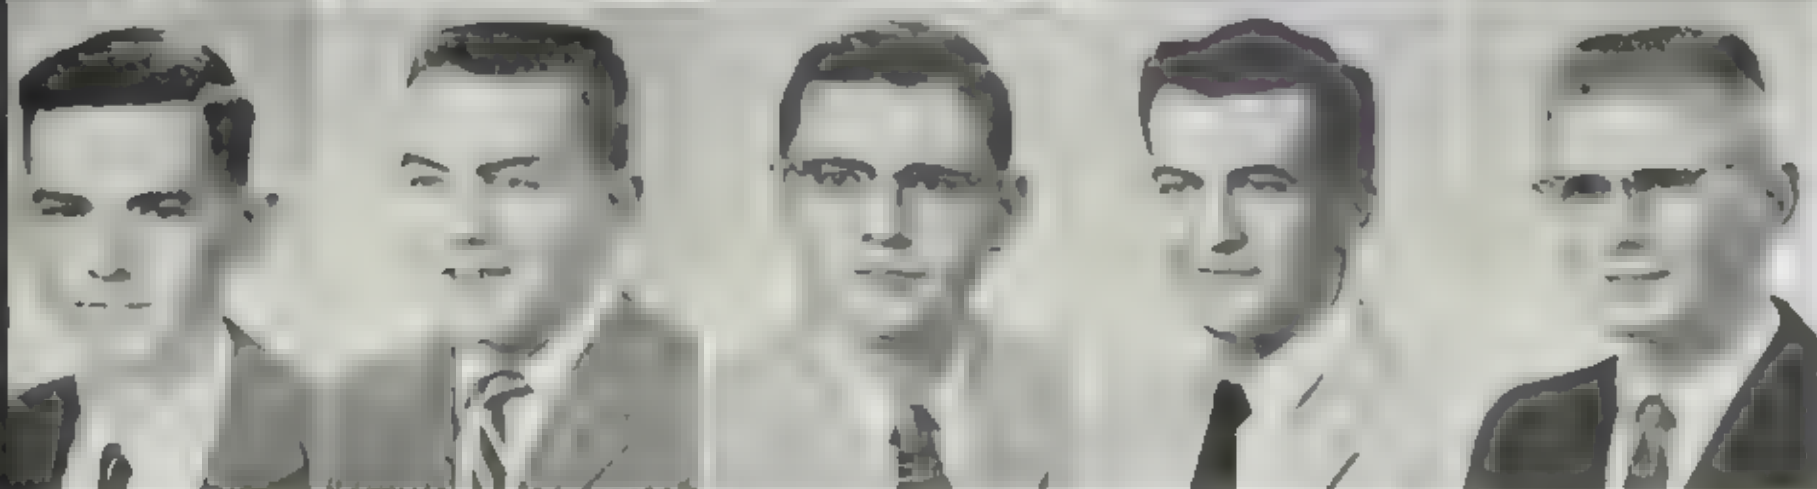

The seniors will be leaving for college in the fall and are looking forward to a new challenge.

It is shown that the solutions of the system (1) converge to the solutions of the system (2) in the sense of the weak convergence in the space $L^2(\Omega; \mathbb{R}^n)$. Konah Publishes 30 Issues

Montana's oldest printed high school newspaper and one of the few published weekly in the state is the Konah of MCHS, which observed its 10th birthday this year. Konah, by the way, is the Shoshone Indian word for bitterroot.

The Konah appears on the news every Friday, on a 5-day school week, and has published 30 issues this school year. Konah takes a "vacation" when the school is taken from the weekly publishing routine to eat, and eat we do, for the year.

Montana Konah was featured in the fall and winter editions of the Montana Inter-Schoolistic Editorial Association on the MCHS campus, and Joan Porter was featured in the December 1964 School Press clinic at Seattle. For 1964, John Reaue was Konah editor.

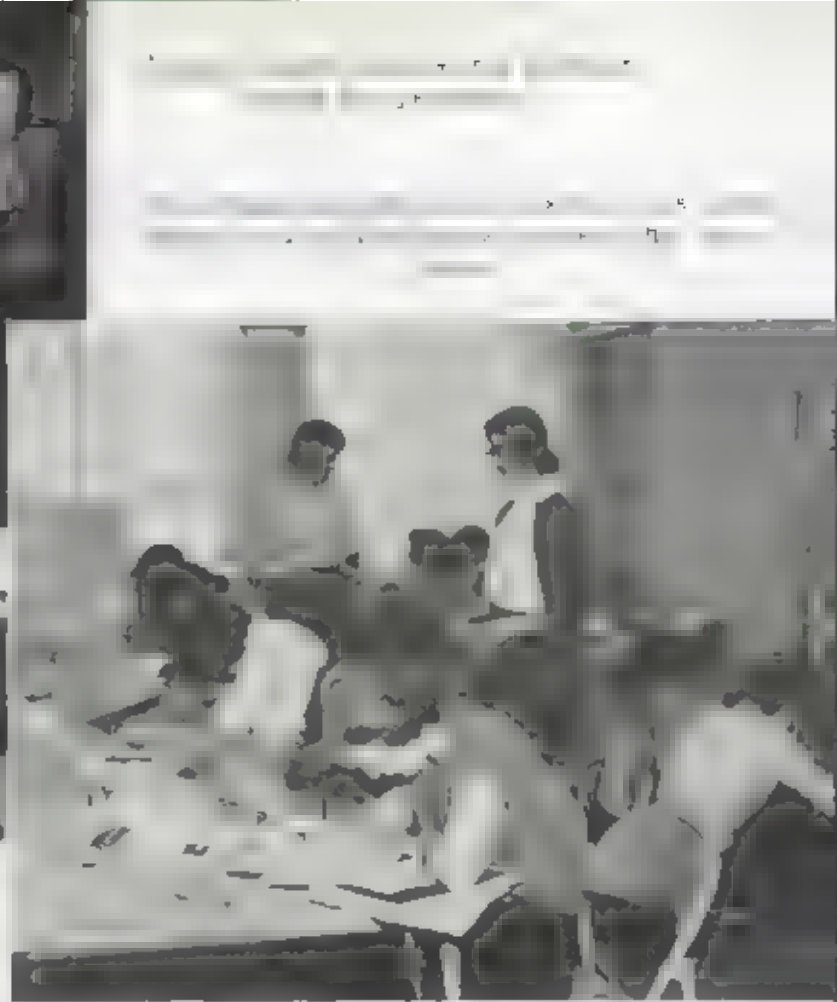

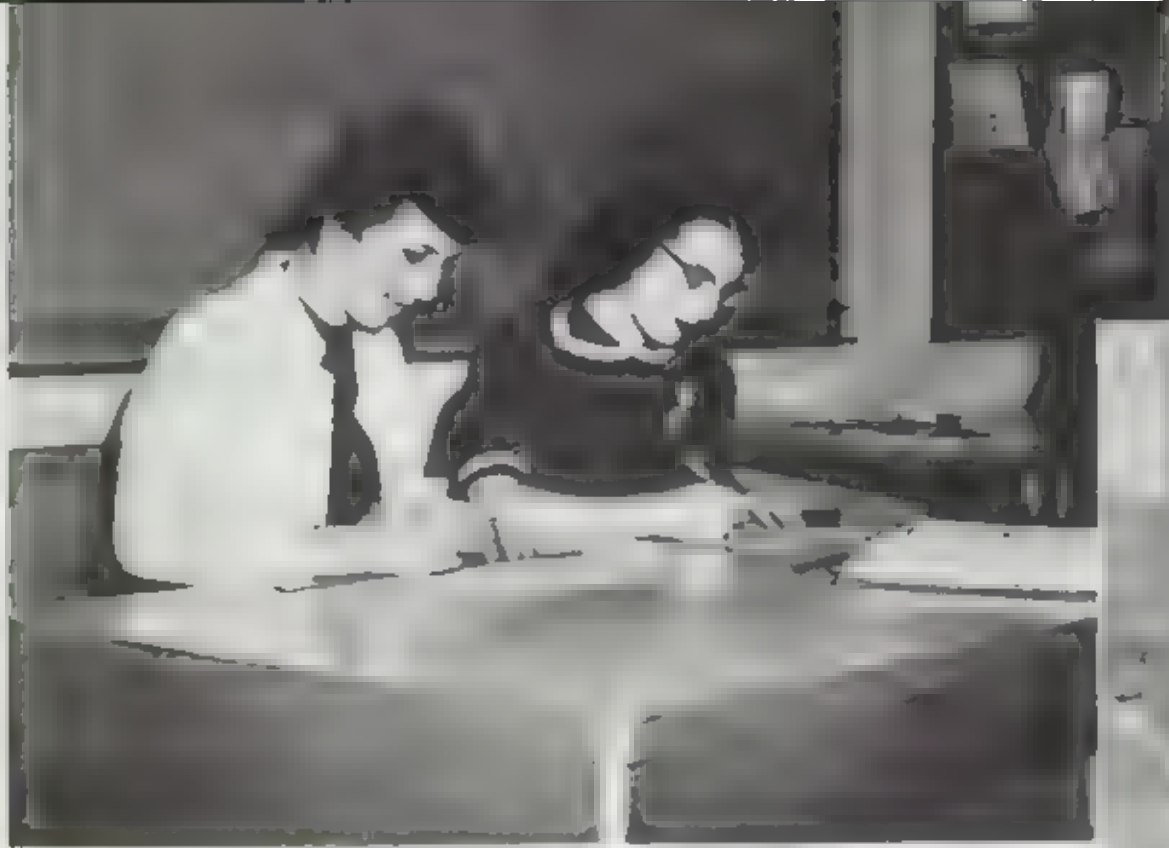

The Konah is a yearbook published by the students of the Konah School. It is a record of the school's activities and achievements. The yearbook is a valuable resource for students and faculty alike. It provides a comprehensive overview of the school's history and culture. The yearbook is a testament to the hard work and dedication of the students and faculty. It is a source of pride for the school and a valuable addition to the school's collection.

Since Ruth was engaged to Albert Krummer, the play became very involved and many comic situations arose as the problems were solved.

The characters were portrayed by Carol G. Wilkins, William Seawright, Albert Krummer, Larry McKay, Frances Bickell, Janice Drexel, Joan Anderson, and Kirk Buls. The play was directed by Mrs. Greta Seibel supervised backstage work.

Thespians

The first of these is the fact that the
 number of people who are employed in the
 service industry has increased steadily over
 the years. This is due to a number of
 factors, including the fact that the service
 industry is becoming more important in the
 economy, and the fact that people are
 becoming more mobile and are moving to
 areas where there are more service jobs.

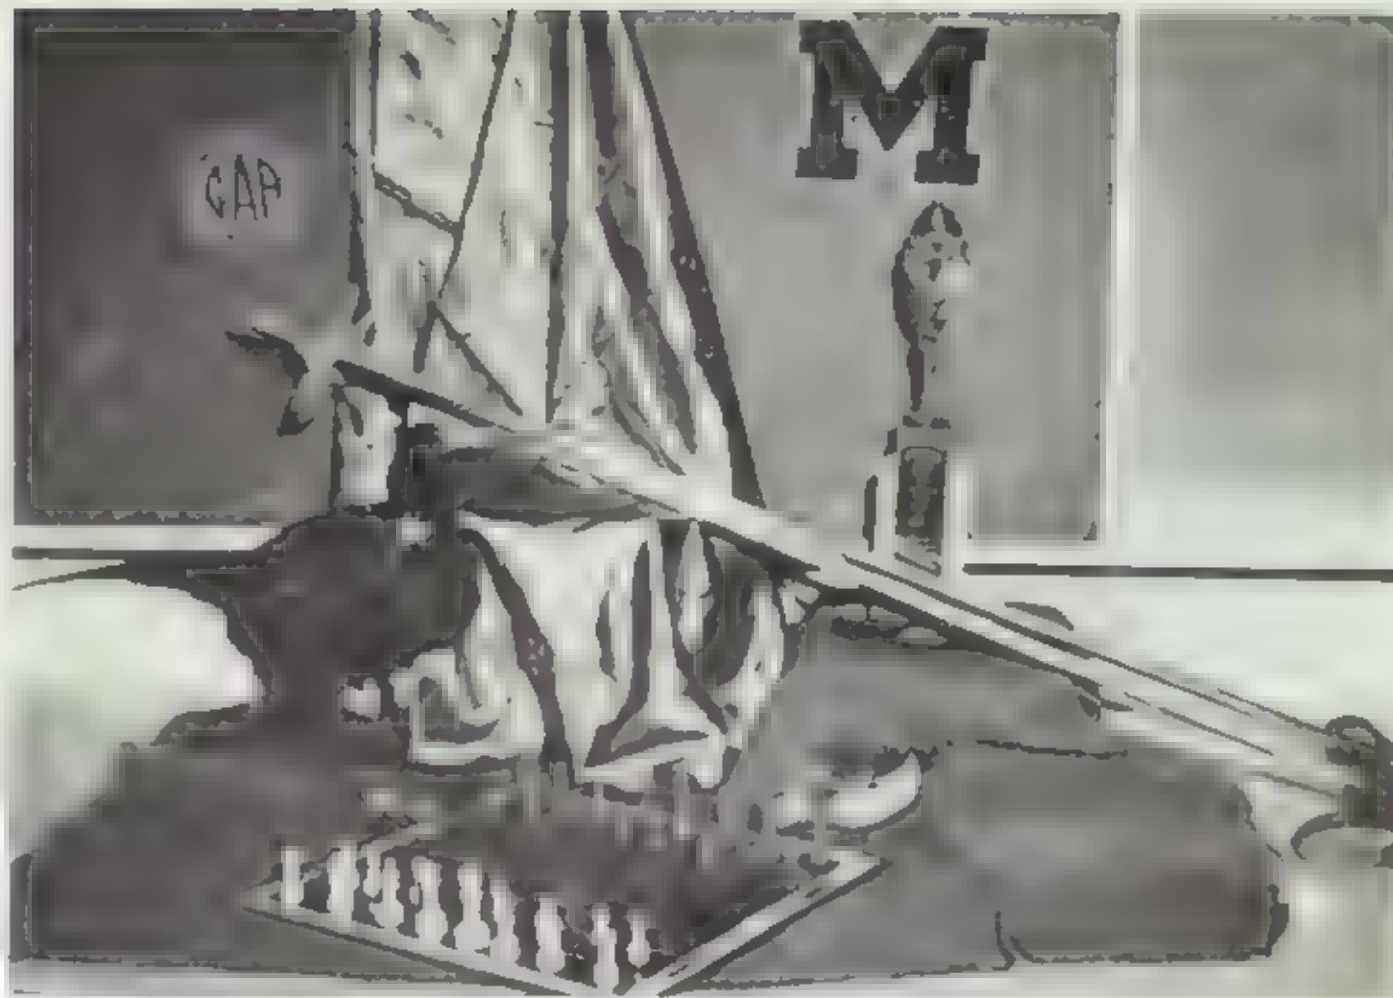

The first of these is the fact that the
 system is not a simple one. It is a
 complex system, and it is not possible to
 describe it in a simple way. It is a
 system that is constantly changing, and
 it is a system that is constantly evolving.
 It is a system that is constantly growing, and
 it is a system that is constantly shrinking.
 It is a system that is constantly expanding, and
 it is a system that is constantly contracting.
 It is a system that is constantly moving, and
 it is a system that is constantly staying.
 It is a system that is constantly becoming, and
 it is a system that is constantly being.
 It is a system that is constantly doing, and
 it is a system that is constantly having.
 It is a system that is constantly knowing, and
 it is a system that is constantly feeling.
 It is a system that is constantly thinking, and
 it is a system that is constantly acting.
 It is a system that is constantly being, and
 it is a system that is constantly becoming.

I am very sorry to hear
 that you have been
 absent from the
 city and I wish
 to hear from you
 very soon.

Spartans Dump Caldwell, Idaho

An impressive victory for the Spartans in their season opener at Dornblaser Field, Idaho, in the season opener at Dornblaser Field.

Chuck Nichols was the only score.

From that point it was all Missoula. The Spartans made two scoring chances on fumbles, but made 13 first downs to the Cougars' 7.

The game was played without seven Spartans who were out with the flu. Five were returning lettermen.

The Cougars of Caldwell close in as Chuck Nichols waits for the ball.

Butte Bows to Missoula

For the second straight week the Spartans squeezed out of a tightly contested battle. This time the victims were the top-seeded Bulldogs of Butte Public.

A very spirited and determined local squad scored twice in the second quarter and gallantly turned back a strong second half threat which saw Butte come within one point of the Spartans.

Missoula's first score came when a Butte fumble was recovered, and after two unsuccessful plays Tom Boone rolled out around end for a 31-yard touchdown run. Tom also converted the extra point.

Sophomore Clare Edinger intercepted a Bulldog pass. On the next play Boone passed to Wayne Howard for the score.

The final score was Missoula 14, Butte 13.

Hawks Have Wings Clipped 21-0

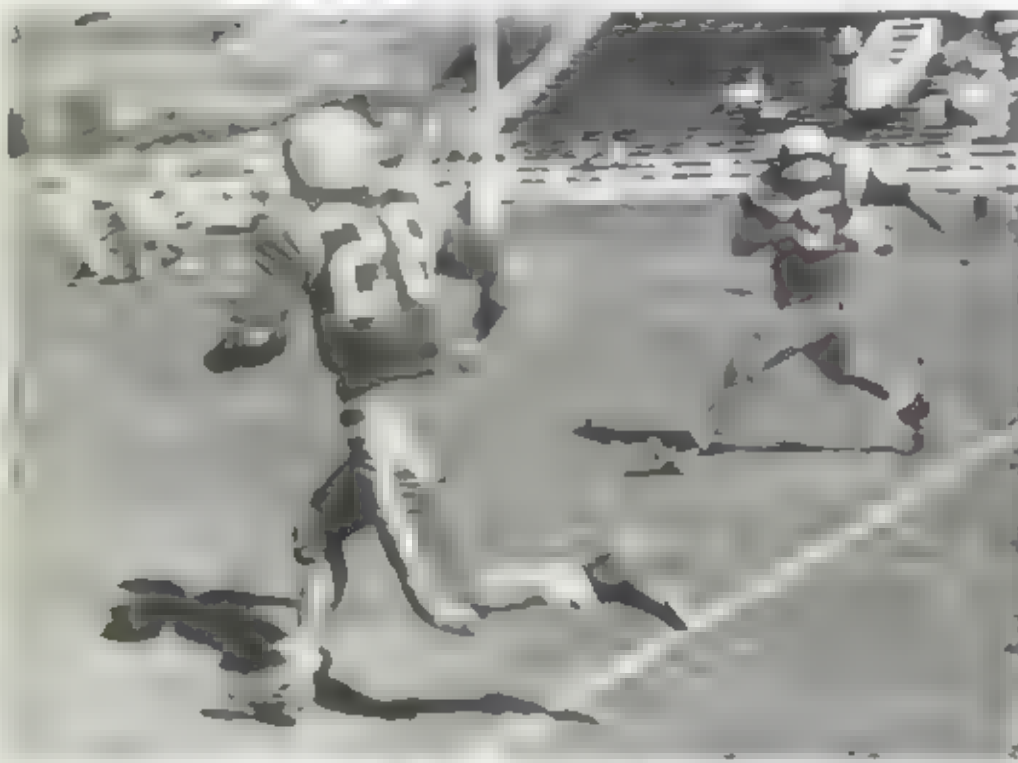

A tough tight Spartan defense and unstoppable offense trounced the previously undefeated Hawks of Bonanza 21-0.

The Hawks never penetrated past the fifty yard line because of the determined defensive play.

Bob Ford was named I. P. Player of the Week. He was bottled up and gained only 13 yards during the game, while Missoula's Bob Williams dominated the game and was named Player of the Week because of his outstanding running.

After a sustained drive Williams scored from five yards out for the first score. Chuck Drivile accounted for the other scores on runs of 20 and 15 yards.

Barb Henry kicked three successful points after touchdowns to give Missoula a decisive victory.

Spartans Squeeze by Great Falls Bisons

The Missoula Spartans won a close game against the Great Falls Bisons, 14-13, in a game that was a real battle.

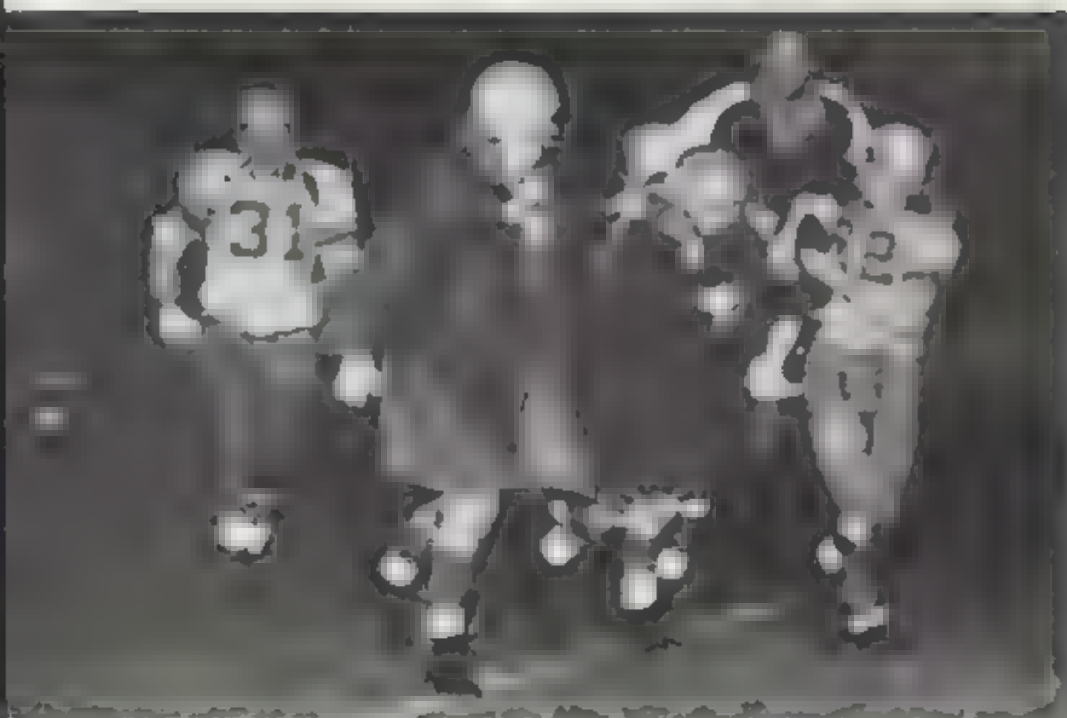

The Spartans were led by their star player, Bob Williams, who scored the winning point.

INTEGRITY

1865 to 1958

A man who had spent his life dedicated to the task of bringing
to western Montana our nation's finest merchandise at the low-
est possible cost. Four things are the needs asked by the
community at large, rather than by our workers and the integrity
of Montana's forest and forest products industry. Bringing
you what you want, when you want it, and taking care
of the environment is our goal.

summer but don't worry on
all your boy friends

Good luck

Linda,

I hope the weather gets a little
better so you can go out and
enjoy the sun. I've been a lot of fun these
past few years. I hope this
last year is the best one yet.
I hope you're feeling better and
that you're really happy
having to go to school and
ever seeing your friends
again.

Good luck to you and your
girl - (to be a girl - to be
bidding) and all the best for
summer.

Yours friend,
Eddie Noel

When are you going to make
that recording and make me famous.
